Dear Mr McKinney

Your solid waste disposal facility located southwest of Decatur was inspected on July 27, 1978, by Les Frankland, representing this Agency

The inspection disclosed the following condition(s) which constitute violations of the Environmental Protection Act and Chapter 7 of the Illinois Pollution Control Board Solid Waste Rules and Regulations

Solid Waste received on the previous operating day did not receive adequate cover. By the end of each operating day, a compacted layer of at least six (6) inches of suitable natural earthen material shall be placed on all exposed solid waste

It is suggested that you take immediate steps to resolve the conditions described above

Sincerely,

Rene' Van Someren, Central Region Manager
